

Book Reflection Pages

Reading is one of the best ways to grow our minds, imaginations, vocabulary, and confidence! Throughout the summer, learners are encouraged to reflect on some of the books they read using these Book Reflection Pages. These reflections help learners practice comprehension, critical thinking, creativity, and written expression while also encouraging meaningful conversations about books.

Learners do not need to complete a reflection page for every book they read this summer. However, each learner should **complete at least five Book Reflection Pages throughout the summer**. Families are encouraged to choose books that were especially meaningful, exciting, funny, interesting, or memorable to reflect on together.

Reflections may be completed independently or with support from a parent or guardian depending on the learner's age and ability level. Younger learners may draw pictures, dictate answers, or complete portions together with an adult.

We encourage learners to:

- Think deeply about what they read
- Share their opinions and ideas
- Make connections to characters and experiences
- Practice writing and illustrating their thoughts
- Most importantly... enjoy reading!
